

The Lincoln County Democrats would like to invite you to an educational presentation on Project 2025. It is vitally important to understand the playbook and policies the "MAGA Right" will employ, day 1, if Donald Trump wins this election. This presentation will educate, horrify and motivate you to "take action". It will also give you many talking points should you find an opportunity to have a conversation with family and friends who are not aware of Project 2025. There is so much on the line this year for all of us. We need to make the best possible choices for ourselves, children, grandchildren, all of our loved ones, and our fellow Americans. We can only accomplish this if we are educated about the stakes involved.

Join us on August 20<sup>th</sup>, 6:30pm at Lincoln Democratic Party Headquarters. Susie Street will be presenting and sharing parts of several videos. What we will learn:

1. What is Christian Nationalism and what it is not.
2. How is Christian Nationalism interwoven into MAGA's next moves if Donald Trump is elected.
3. How will Project 2025 be implemented if Donald Trump is elected.
4. Who is the Heritage Foundation and why have they written this massive policy plan.

We will have a handout that recaps the Four Pillars of this program and describes its goals. We have also gathered a few other pieces of information for your review.

**Please keep in mind that this is an entirely grassroots effort. Only by educating ourselves can we make better-informed decisions, and hopefully engage and educate others.**

We appreciate your efforts to join us and become educated on such an important topic. Our future depends on ensuring this policy NEVER sees the light of day in our democracy and country. We look forward to your participation. LCDP
